

PHOTOGRAPHY INVESTMENT

Some people say a picture is worth a thousand words but to me, the words are endless. There are times that you capture a photo that takes your breath away; one that words are unable to describe. It is these moments that I live for.

I have always looked for new ways to capture the beauty of life - which is where I step in to capture that beauty through my lens. My diverse background allows me to see more than just a "photo", but rather a piece of art which will be cherished forever and be forever timeless.

Your images are more than just a photo, they are a picture perfect memory captured in time. A memory which will be cherished for a lifetime, and be passed down for generations to follow. Every image is carefully selected, retouched and enhanced to ensure exceptional quality.

Allow me to capture the true beauty and light which you reflect in your life.

Meghann

Includes additional 3 photos per pet

GROUP COLOR POWDER SESSIONS

2-5 People • 3 Images Each **\$250** per person

6+ People • 3 Images Each **\$225** per person

To ensure perfection in your color powder session, an indoor arena is recommended for all sessions, and **required** for equine color powder sessions. If you do not have access to an indoor arena, select facilities around New England offer rentals. Please contact to discuss further. Arena rental rates will be at the expense of the client.

WHAT IS INCLUDED?

Before booking your photo session, a free consultation is provided to help understand your vision and goal. Once determining what will best suit your needs, we will schedule a time that works for your schedule. Your session is limited to yourself and one animal - though if you have additional to be included, let me know. Your images will be edited to perfection, and delivered to you in a password protected album. These will include high resolution images for easy printing, and low resolution for easy social media sharing.

WHAT ABOUT EDITING?

All final images will be professionally retouched. Retouching includes image cropping, color correction, sharpening, lead removal for both canine and equine, battle scars/blemishes removed by request, and skin smoothing for portraits with people included. Adding or removing of whole objects are subject to additional fees. These include - but not limited to - removing handlers from backgrounds, putting horses ears up, or adding multiple animals side by side for a single composition.

WHAT SHOULD I EXPECT DURING MY SESSION?

At the beginning of our session, I will take a few moments to introduce myself and to walk about the location to better finalize our plan. Please plan for the weather, though outfit changes are acceptable - and encouraged! You should plan on a care free experience, that is about the bond between you and your animal. If you feel uncomfortable with posing, take comfort that I will guide you to feel comfortable and natural.

WHAT IF THE WEATHER DOESN'T BEHAVE?

We will keep in close contact the few days leading up to your scheduled session. In the case of extreme heat, cold, or rain, we will reschedule to ensure the best experience. For color powder sessions, it is recommended to use an indoor arena, thus making these sessions available year round!

WHAT IF MY PET IS HIGH ENERGY?

If your dog or horse is typically high energy or antsy, it is best to make sure they've had the opportunity to expel their excess energy early in the day. Whether this is in the show ring, a run at the park, or a nice schooling session or riding lesson.

WHERE DO I FIND MY PHOTOS?

Each photo session is provided an online, password protected album. Inside this album you will have the opportunity to view your images, as well as choose your favorites! Simply click the ★ on the image, enter your email address, and voila! Your favorite images have been chosen! Once your images have been chosen and the final edits completed, your finalized images will also be in this password protected album for you to download - in full resolution.

TELL ME ABOUT THE COLOR POWDER - IS IT SAFE?

Like all foreign substances, it is not advised to let your pet lick the chalk off of themselves or ingest it. Additionally, I will never apply or allow application of chalk onto the face or near the eyes. Some Holi powders are not safe to be inhaled or to be absorbed through mucous membranes, but Meghann Leigh Creative LLC uses 100% Human Grade Non-Toxic powders. When we blow the chalk off of your pet a mask will be provided for your safety, and I recommend covering your pets face with a towel. Please wash your pet after their session to ensure no remnant color is remaining. Safety is of my utmost priority for everyone at all of my photo sessions.

WHAT IS THE TURN AROUND TIME?

After completion, unedited proofs will be uploaded into your password protected gallery within 7 days. At this point, you may take all the time you need to select your final images which you would like to be edited. Once your images are chosen, final images will be completed within 30 days.

CAN I USE MY PHOTOS IN ADVERTISEMENTS?

Absolutely! If the magazine designer is in a situation where the included signature would be removed or cropped due to the ad design, please have Meghann Leigh Creative LLC contacted so a signature in .png format can be provided.

WILL YOU TRAVEL?

There are many things I love, but a good road trip is one of them! Travel is included within 50 miles of Northfield, New Hampshire - extended travel is at the rate of \$0.65/mile, plus tolls. If your location is farther than 4 hours away, hotel accommodations will be required. Travel fees can be evenly distributed between multiple individuals if a group session has been scheduled.

WHAT IF I WANT A SESSION THAT ISN'T LISTED?

Let's chat! Additional options are available that can be custom fit for your needs. Whether this is a half or full day farm session, puppies for litter announcements, a commercial photoshoot for a catalog, or sharing a session among friends - I will do my best to accommodate your needs.

IMPORTANT NOTICE ABOUT COPYRIGHT PROTECTION

The Copyright Act protects photographers by giving the creator of the photograph the exclusive rights to copy, edit and distribute the image by sale or transfer. These exclusive rights make it illegal to copy, scan, edit or share photographic prints and digital media without the photographer's permission. Violators of this Federal Law will be subject to its civil and criminal penalties. Be sure to discuss your copyright needs or questions with your photographer; reasonable requests may be accommodated.
